This permission slip will only grant one-time permission to meet with a student, and each time a youth leader or student wishes to meet, will need to be completed.

I hereby grant permission for my student, _____,

to meet with the following youth leader, _____,

at the following location, _____,

at the following time, _____.

I understand the purpose of such a meeting is for ministry purposes only, and that I have every right to be a part of said meeting. I understand it is my responsibility to provide transportation for my student to and from the meeting unless otherwise indicated on this form, and a copy of this permission slip will kept on file for a minimum of seven years.
